

INDIA AFRICA COMMUNICATIONS

REVISION 2

Our replies are in blue colour

Client Comments: Hi Rahul, thank you for sending over the 1st revision.

Couple of minor things we have seen that have not been changed.

WHAT WE DO should not have a question mark (?)

Also similar situation with the pics. they seem cut off.

The media partners page picture has to be zoomed out. otherwise it looks like a gun lol. which is not a good look.

ive noticed that the two bottom boxes, when added together form the same size as the text above.

Does that mean if there are 3 boxes then the text will be even smaller?

If so would it be better to put additional services on its own page?

I already have a picture for the heading. so that should not take long.

I've cut the text for media partners so the box comes up more.

IAC is a leading London based communication agency specialising in economic intelligence reporting on emerging nations for India. Via our unique content and strategic global partnerships, we enable leading investment firms, institutions and key decision makers to benefit from our complete coverage of international financial and developmental matters on emerging markets.

We work hand in hand with over 10 of Asia's biggest and reputable firms to help disseminate newsworthy information to a specific and influential audience.

Our Response: Hello Rajan,

The images you sent are of sizes: 4000x2667, 7360x2454, 6048x4032, etc but we need them to be 1920x400 to fit in banner without stretching or crop.

Some of the color textures: <http://www.bigstockphoto.com/image-2524308/stock-photo-blue-textured-background>

<http://www.bigstockphoto.com/image-94516874/stock-vector-abstract-triangles-pattern-background-blue-water-geometric-background>

<http://www.bigstockphoto.com/image-817762/stock-photo-abstract-blue-texture>

Image on contact us page is a square image, it should be rectangle so that it wont get crop, So please provide us the image of size which we mentioned above.

Kind Regards
Credofy Team

Client Comments: ok that makes sense now.

In careers please change the email to team@indiaafricasummit.com

the contact us page, what can you do with the image? could you not move it up on the page?

also on home page under careers

the icons seem to be on the side. attached you will see. could you please make them go back on top. originally they were. but not sure why they moved.

Our Response: We are looking into it and get back in case of questions / concerns. Thank you for your patience and understanding.

Kind Regards

Client Comments: Thank you

Our Response: Hello Rajan,
All the above changes are done.

Kind Regards
Credofy Team

Client Comments: Hi Credofy team, will go through it all now. Thank you so much. honestly you guys have been a joy to work with. My only issue is that I really wish I had met you guys earlier. It's been a nightmare working with most companies from India. It's always been the case of over promising and under delivering and to be honest at first I was very sceptical. But I am so glad that we have worked together.

Our Response: Glad you liked working with us. Same has been the case with us. (Being Indian ourselves) We always worry working with Indian clients because they are tough to work with, impatient, unprofessional and never respect workmanship. But it has not been a case with you.

Kind Regards
rahul

Client Comments: Could you please put a website launching soon up in the meantime? as it will take 24 hrs?

Our Response: Hello Rajan, site is live. Here are admin login access

Username : xxxxxx

Password : xxxxxx

Kind Regards
rahul

In the world of PPH you have the good, the bad and in my opinion the scammers! We have had so much difficulty in the past working with freelancers who over promise and massively under deliver. I am glad to say Rahul and his team are a great exception. Not only did they go above and beyond, but they also gave comfort at every stage. I would highly recommend them and in a heart beat would work with them again. Really really good job.

Client Comments: Rahul, just want to say, thank you. You guys were great and incredibly professional! will use you again. More Indians on PPH should take from your example!!!!
