Adam Gifford Education

Adam has worked extensively throughout all phases of education and holds accreditations from National Institutions. He has

OUR TEAM

PROFESSIONAL & OUTSTANDING IDEAS OF OUR PASSIONATE TEAM MAKES US
UNIQUE IN EVERY SENSE.

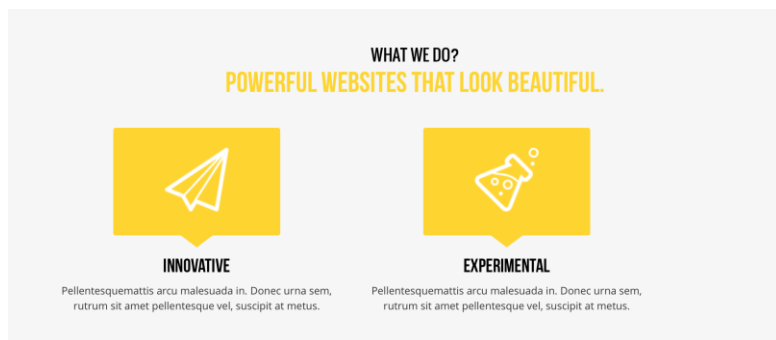

this time he has developed his maths and leadership education and understanding in a range of contexts, having worked directly with children, school leaders and national organisations at a strategic level.

About:

Adam has been involved in education for over 15 years and has been fortunate to work with the best practitioners in the world. Throughout

- First primary maths Specialist Leader of Education in the UK
- Previously headteacher of an outstanding school involved in a number of national maths projects.
- Strategic partner in pathfinder maths education strategic hub
- Experienced PD lead working with local authorities, trusts, alliances and individual schools
- International education experience including working in the UK, New Zealand and Japan
- Extensive experience with Maths recovery and Numeracy Project diagnostic programmes
- Extensive educational experience from EYFS to Key Stage 3
- Project and Phase lead in a regional Maths Hub (www.mathshubs.org.uk)
- NCETM accreditation - Lead PD Programme

Adam is passionate about maths education and has been involved in developing and delivering maths CPD for over ten years. His experience of working at every level of education ensures that courses delivered by him are of the highest standard and ensure participants receive the most up to date, quality assured CPD possible.

Services:

I would like icons for each of these and have multiple columns:

Adam's consulting service can support the development of the best teaching,

learning and outcomes

Column 1

Maths Development

Cross phase maths development to ensure the very best teaching and learning takes place using the most up to date practice and research

Leadership Development

Support and a critical overview of leadership development particularly in the area of leading change.

Diagnostic Analysis

Train and support practitioners to use a range of valid diagnostic assessments to ensure high quality intervention programmes with significant impact
